

DRAFT EAST GIPPSLAND CLIMATE CHANGE MITIGATION AND ADAPTATION PLAN

The East Gippsland Catchment Management Authority invites members of the community to attend and contribute to discussions regarding the draft East Gippsland Climate Change Mitigation and Adaptation Plan.

The draft plan describes what farmers, communities and organisations in East Gippsland are currently doing to adapt to seasonal variability, the likely impacts and potential opportunities of climate change across East Gippsland, and the practical options to support adaptation and carbon sequestration on freehold land and in the region's significant aquatic ecosystems.

Bairnsdale: Monday, April 20 1.30-5pm - DELWP, 574 Main Street (Meeting Room 1)

Cann River: Tuesday 21 April 10am-3pm - Cann River Community Centre

Orbost: Thursday 23 April from 9am-1pm - DELWP, 171-173 Nicholson Street, (Meeting Room 1)

These 'open house' sessions provide an opportunity to talk individually to the authors of the draft plan. No appointment is necessary.
